KelMAX is a premium quality natural seaweed concentrate developed specifically for the needs of professional turfgrass. When applied regularly, KelMAX will improve the density and depth of the root system. A larger more efficient root system will improve plant health, increase stress tolerance, and improve the ability of the turfgrass to take up nutrients and water.

CONTENTS:
100% *Ecklonia maxima* seaweed concentrate

TYPICAL ANALYSIS Wt/Vol:

Nitrogen	0.61%
Phosphorus	0.86%
Potassium	0.05%
Sulphur	0.06%
Iron	244mg/L
Zinc	47mg/L

DIRECTIONS FOR USE:

Shake well before use and apply as a spray application in sufficient water to achieve adequate plant coverage at the dilution rates specified below.

Application Rate Chart		
Situation	Rate	Comments
Turf maintenance	5L/Ha 50mL/100m ²	Apply monthly in a minimum dilution rate of 1:75 to 1:100 parts water.
Turf establishment Root injury recovery	20L/Ha 200mL/100m ²	Apply during planting or when rapid root initiation is required at a dilution rate of between 1:75 to 1:100 parts water. If a lower dilution rate is used, lightly irrigate immediately after application.
Domestic Gardens (Lawns and Garden Beds)	25-50mL/10L	Sufficient to drench area of up to 5m ² . Water in well following application. Apply as necessary.
Horticulture (General Use)	25-50mL/100L	Apply around base of plants or tree and water in well following application. Apply as necessary.

MIXING & COMPATIBILITY:

Fill spray vessel with half the required volume of water. Shake container of FoliMAX KelMAX and add required amount to spray tank while agitating. Add remaining water to the spray tank. Ensure the pH of the tank solution does not exceed 7 for maximum efficacy. Continue agitating during application. Wash out spray tank, including nozzles, immediately after use.

STORAGE, HANDLING AND DISPOSAL:

Do not store below 5°C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles. Shake or stir before use as sediment may settle on the bottom of the drum.

FIRST AID AND SAFETY DIRECTIONS:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention.

CONDITIONS OF SALE:

Nuturf shall not be liable for any loss, injury damage or death whether consequential or otherwise whatsoever, or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Nuturf's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely. No representative of Nuturf has any authority to add to or alter these conditions.
